

December Home Maintenance Checklist

Monthly items:

- Clean kitchen drain & garbage disposal
- Check fire extinguishers
- Check under each sink, toilet and faucets for drips
- Change or clean air filters

Other items:

- Check for damaged cords and wires
- Check the ground-fault circuits on outlets
 - Press the “test” button (if available). The reset button should pop out. Press in the reset button.
- Review fire safety and escape route
- Test all electrical holiday decorations prior to use
- Move snow shovels and blowers to a convenient location
- Make sure your generator is in working condition and extra fuel is at hand
- Check driveway for cracks and have them resealed as needed
